THE INSTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- (i) The voting period begins on 26th Sept 2021 at 9.30 AM and ends on 28th day of Sept 2021 at 5.00 PM. During this period shareholders' of the Company, holding shares either in physical form or in dematerialized form, as on the cut-off date (record date) of 22nd Sept., 2021 may cast their vote electronically. The e-voting module shall be disabled by CDSL for voting thereafter.
- (ii) Shareholders who have already voted prior to the meeting date would not be entitled to vote at the meeting venue.
- (iii) Pursuant to SEBI Circular No. **SEBI/HO/CFD/CMD/CIR/P/2020/242 dated 09.12.2020**, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

In order to increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to **all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants**. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

- (iv) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

MANAGEMENT DISCUSSIONS AND ANALYSIS

Company Approach to the Business

With a consistently growing middle class and increasing disposable income, the tourism and hospitality sector was expected to witness a healthy growth and account for 7.5 per cent of country's GDP but due to the effect of Corona pandemic the expectation did not show requisite growth as expected. The hospitality sector encompasses a wide variety of activities within the services sector and is a major job provider both direct and indirectly. The sector attracts the most FDI (Foreign Direct Investment) inflow and is the most important net foreign exchange earners for the country. It is expected that the said growth expectation would materialize soon after the pandemic is over.

Having weathered many adverse situations in the past three years to post consistent growth, the prevailing sentiment in the Indian hospitality industry is of confidence. The industry stakeholders feel that they will be able to maintain the growth trend. The reason for this confidence emanates not very much on the high expectations on inbound visitors, but on numerous domestic factors including the emergence of an inspirational young millennial travelers, revival in corporate and business travel in the country, and rapidly evolving connectivity factor in the country.

The company is taking forward its objective to be the best market leader, has strengthened its base in the fiscal year 2012-2013. Noor-Us-Sabah Palace is the first preferred destination for the High end travelers visiting Bhopal. The rooms on offer are far more superior to any other existing hotel rooms in the city. Company is also operational with two stores in name of Wonder Bread outlets, which offers wide range of bakery and confectionary products at a very nominal price.

Employees are one of the key assets to the company and efforts are made on regular basis to improve the efficiency of the employees by trainings, providing them with better working conditions and keeping them motivated at all times along with appreciations. Regular team meetings are held to improve communication and interactions between the employees. However, due to the effect corona disease the operation of the hotel undertaking of the company remained closed and the company was compelled to lay off a good number of its employees and now it is engaged in fulfill the vacancy so caused.

Quality Management

Hospitality services quality is one of the most important parameters in assessing hospitality service. Quality control is directly proportional to guest satisfaction. Better the quality of services, higher the guest satisfaction, and vice-versa. At Noor-Us-Sabah Palace strict quality parameters have been laid and practiced to adhere to the hotel values, which results in quality service to customers and higher satisfaction level.

To remain at par with city compset, hotel has targeted to renovate its rooms, some of them are already renovated including the upgrading of the F&B outlets. The various initiatives listed include- standardization of recipes and focus on best quality food at a reasonable pricing. Banqueting has been a major key player for Noor-Us-Sabah palace as the hotel has been a preferred destination for all high end weddings and conference happening in the city.

Standard Operating Procedures (SOP's) are being followed at all operational levels for implementation & for strict adherence which would be constantly reviewed to adapt to the changing service trends of hotel industry. The major initiative in Environmental practices includes Ban of Polyphone bags, Conversion to LED lamps, Water conservation at all levels, Massive Tree plantation, Garbage Disposal Management etc.

Internal Control Systems:

Total transparency in all transactions is maintained with all statutory licensing and dues to the State and central Government which have been updated & are paid on time. All necessary controls, financial checks and otherwise as per statutory requirements as also towards making the company a highly profitable venture are in place. Internal controls as regards operations aimed at ensuring that the expenditure is in line with industry norms. Proper accounting procedures are being strictly adhered to. Reduction in cost will be a major focus area for next FY.

Opportunities

The Corporate and Conference segment along with foreign tourist segment is expected to show a decent growth. Economic projections appear to indicate towards a Major Boom for the Hospitality Industry for the coming season. The Bhopal Airport is now an International Airport, and this is resulting in increase in number of flights. However, due to lack of International flights at present the actual impact is not felt. Technology will be the ruling factor in the years to come since it is helping hospitality businesses meet guest expectations and outpace the competition.

Threats

Opening of competition Hotel with 100 room inventory, effect of Corona epidemic causing some recession in the economy has put some pressure on the Hotel occupancy as well as food business. Real Estate Developers have started to show interest in Bhopal. Current market players in Hospitality Industry in the city also have comprehended enough part of the market and thus have either made additions to their current setup or have made provisions to do the same in the current financial year. This again could make a dent in our market share. With the advent of new players in the market, the competition is growing tougher by the day.

City faces an issue of manpower in hotels; almost 80% of the hotel staff comes from other parts of the country. The only institute that city can boast of is the IHM Bhopal. City has immediate requirement of trained manpower, and this may come as a hurdle in the path of completing the add on inventory by hotels with their target in the given time span.

With the increased fuel prices, corporate houses these days are focusing on reducing travel and boarding /lodging expenses thereby adversely affecting the hotel's revenue. Some corporate have gone step further and bought/hired/running guesthouses for their travelling executives & their offices in the city generally have a conference room attached to take care of routine and other weekly /monthly conferencing.

Risk and Concerns:

The company is hopeful that the current recession and adverse effect of Corona Epidemic in the market will continue for a few more months. However, we do not foresee any potential risk to Hospitality Industry for very longer time. There is definitely a concern about the state Government not doing enough on infrastructure development so as to ease inflow of tourists and corporate.

Other Disclosures:

The Hotel shall strive to be the number one Hotel in the city. It shall work towards socio-economic growth, and in order to achieve this very goal shall focus on training the existing man power in accordance with the customer requirements and perceptions.

The company is being pressed by the by the lessor to revise the lease of hotel undertaking on higher monthly lease rent and much more security deposit and inspection of leased property by a civil Engineer. Due to the impact of covid-19, the company does not find the proposal of lessor worthwhile and is losing interest in the extension of lease deed on the terms & condition as are proposed by the lessor. The Company proposes to bring the matter before its Board of Directors for its consideration and for exploring new avenues in the matter.

Human Resources Development:

Led with the realization of the fact that continuous up-gradation of skills and service delivery systems /inputs go a long with to make a decisive difference in the hotel industry, as a matter of policy, continues to invest in up-gradation of the quality of its human resources and lays emphasis on efforts to tone up skills of and service delivery by its existing man power.

Company is not far behind the industry standards, in the matter of employee's benefits and compensation and with the growth of the company it will see that the benefits and compensation packages continue to remain tailored to the industry norms enabling it to hire and retain skilled and professional manpower.

Industrial relations scenario in the company throughout the year remained cordial. The employees remained committed to higher qualitative service and productivity. The management too on its part played its role in maintaining and promoting harmonious relations.

INDEPENDENT AUDITOR'S REPORT

To

The Members of
RELIABLE VENTURES INDIA LIMITED

REPORT ON THE AUDIT OF THE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying financial statements of Reliable Ventures India Limited (“the Company”), which comprise the balance sheet as at March 31, 2021, the Statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 ('Act') in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, its Profit / Loss and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the standards on auditing specified under section 143 (10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Company in accordance with the code of ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the rules there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the code of ethics.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 45 to the Financial Statements in which the Company describes the operational difficulties and uncertainties arising from the COVID 19 pandemic. Our report is not modified in respect of this matter.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

We have determined the matters below to be key audit matters to be communicated in our report:

Key audit matters

Expected credit loss allowances- Recognition and measurement of impairment of financial assets involve significant management judgment. With the

How the matter was addressed in our Audit

We evaluated management's process and tested key controls around the determination of extent of requirement of expected credit loss allowances,

applicability of Ind AS 109, credit loss assessment is now based on expected credit loss (ECL) model. The Company's impairment allowance is derived from estimates including the historical default and loss ratios. Management exercises judgment in determining the quantum of loss based on a range of factors. The most significant areas are loan staging criteria, calculation of probability of default / loss and consideration of probability weighted scenarios and forward looking macroeconomic factors. There is a large increase in the data inputs required by the ECL model. This increases the risk of completeness and accuracy of the data that has been used to create assumptions in the model. In some cases, data is unavailable and reasonable alternatives have been applied to allow calculations to be performed.

As per management opinion, there is no expected credit loss in several financial assets including the trade receivables of the Company and all are on fair value, based on the assessment and judgment made by the board of the company.

Balances of Various Financial Assets and Liabilities: Refer Note No. 37 to the financial statements which describes that the Balance of Receivables and Payables, including loans & advances given and taken, trade receivables, payable to vendors, etc, are subject to confirmation and consequent reconciliation and adjustments, if any. Hence, the effect thereof, on Profit/ Loss, Assets and Liabilities, if any, is not ascertainable.

Deferred Tax Assets- Recognition and measurement of deferred tax assets towards MAT Credit Entitlement. The Company has MAT Credit Entitlement in respect.

The recognition of MAT Credit Assets involves judgment regarding the likelihood of the reasonable certainty of realisation of these assets, in particular whether there will be taxable profits in future periods that support recognition of these assets.

Management records MAT Credit assets as per the provision of the income tax laws, in cases where it is reasonably certain based on the presumed profitability determined on the basis of management estimation that

including recovery process & controls implemented in the company for trade receivables and other financial assets. It was explained to us by the management that the control exists relating to the recovery of loans & advances and other assets and in the opinion of the board there is no requirement making expected credit loss allowance. We have also reviewed the management response and representation on recovery process initiated for sample receivables, and based on the same we have place reliance on these key controls for the purposes of our audit.

We evaluated the management procedure and tested key controls employed by the management to review over the reconciliation and recoverability of the long outstanding assets and payability of long outstanding liabilities. Based on the explanations and representations provided by the management, it was explained to us that the Board is carrying out a regular review of balances of all outstanding assets and liabilities, based on the formal/ informal agreements/ arrangements with the respective parties involved. As per their opinion, there will be no substantial impact on their reconciliation with their balance confirmations. Based on the same we have place reliance on these key controls for the purposes of our audit.

In view of the significance of the matter we applied the following audit procedures in this area, among others to obtain reasonable audit assurance:

- Through discussions with management, we understood the Company's process for recording MAT Credit assets;
- Performed study and inquired into the basis of the management estimations of the future revenue for the reasonable certainty of utilisation of the Carried Forward MAT Credit entitlements and therefore recognition of MAT Credit assets

sufficient taxable income will be available to absorb the MAT Credit assets in future.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's responsibility for the financial statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other legal and regulatory requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

ANNEXURE B TO AUDITORS' REPORT

[Referred to in Clause (f) in paragraph 2 under 'Report on Other Legal and Regulatory Requirements' in the Independent Auditors Report of even date]

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **RELIABLE VENTURES (INDIA) LIMITED** ("the Company") as of March 31, 2021 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the

company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in general, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were found operating effectively as at March 31, 2021, based on the internal control over financial reporting criteria established by the Company. However the same needs to be further improved and formally documented in view of the size of the company and nature of its business, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

RELIABLE VENTURES INDIA LIMITED

Notes forming part of the financial statements for the year ended March 31, 2021

	Particulars
Note: 1	CORPORATE INFORMATION Reliable Venture India Limited (the 'Company') is a public limited Company domiciled in India with its registered office located at Reliable House A-6, Kon-e-fiza, Bhopal -462001. The Company is listed on the Bombay Stock Exchange (BSE) and the National Stock Exchange (NSE). The Company is engaged in the hospitality business .
Note: 2	BASIS OF PREPARATION AND SIGNIFICANT ACCOUNTING POLICIES
2.1	BASIS OF PREPARATION AND PRESENTATION i) Compliance with Indian Accounting Standards (Ind AS): These financial statements have been prepared in accordance with the Indian Accounting Standards (hereinafter referred to as the 'Ind AS') as notified by Ministry of Corporate Affairs pursuant to section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and Companies (Indian Accounting Standards) Amendment Rules, 2016. ii) Basis of measurement These financial statements are prepared under the historical cost convention except for the following assets and liabilities which have been measured at fair value: <ul style="list-style-type: none">• Certain financial assets and liabilities (including derivative instruments) measured at fair value (refer accounting policy regarding financial instruments),• Defined benefit plans – plan assets measured at fair value iii) Measurement of fair values Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Normally at initial recognition, the transaction price is the best evidence of fair value. However, when the company determines that transaction price does not represent the fair value, it uses inter-alia valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All financial assets and financial liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy. This categorisation is based on the lowest level input that is significant to the fair value measurement as a whole: Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date; Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and Level 3 inputs are unobservable inputs for the asset or liability Financial assets and financial liabilities that are recognised at fair value on a recurring basis, the company determines whether transfers have occurred between levels in the hierarchy by re- assessing categorisation at the end of each reporting period. iv) Classification of Assets and Liabilities into Current/Non-Current: The Company has ascertained its operating cycle as twelve months for the purpose of Current/ Non-Current classification of its Assets and Liabilities. For the purpose of Balance Sheet, an asset is classified as current if: (i) It is expected to be realised, or is intended to be sold or consumed, in the normal operating cycle; or (ii) It is held primarily for the purpose of trading; or (iii) It is expected to realise the asset within twelve months after the reporting period; or

(iv) The asset is a cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
All other assets are classified as non-current.

Similarly, a liability is classified as current if:

- (i) It is expected to be settled in the normal operating cycle; or
- (ii) It is held primarily for the purpose of trading; or
- (iii) It is due to be settled within twelve months after the reporting period; or
- (iv) The Company does not have an unconditional right to defer the settlement of the liability for at least twelve months after the reporting period. Terms of a liability that could result in its settlement by the issue of equity instruments at the option of the counterparty does not affect this classification.

All other liabilities are classified as non-current.

2.2

a)

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Property, Plant and Equipment (PPE)

- i) The company has elected to avail the exemption granted by Ind AS 101 'First Time Adoption of the Indian Accounting Standards' to continue with the carrying value for all of its Property, Plant and Equipment as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP and use that as its deemed cost as at the date of transition (i.e. as on April 1, 2016).
- ii) Property, plant and equipment held for use in the production or supply of goods or services, or for administrative purposes, are stated in the balance sheet at cost less accumulated depreciation and accumulated impairment loss. Cost includes all expenses directly incidental to acquisition, bringing the asset to the location and installation including site restoration up to the time when the asset is ready for intended use. Such Costs also include Borrowing Cost if the recognition criteria are met.
- iii) The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively.
- iv) **Depreciation**
Depreciation on Property, Plant & Equipment is provided on Straight Line Method based on estimated useful life of the assets which is same as envisaged in schedule II of the Companies Act, 2013. The residual values, useful lives and method of depreciation of property, plant and equipment is reviewed at each financial year end and adjusted prospectively, if appropriate
- v) **De-recognition**
An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss

b)

Intangible assets

- i) The company has elected to avail the exemption granted by Ind AS 101 'First Time Adoption of the Indian Accounting Standards' to continue with the carrying value for all of its Intangible Assets as recognised in the financial statements as at the date of transition to Ind ASs, measured as per the previous GAAP and use that as its deemed cost as at the date of transition (i.e. as on April 1, 2016).
- ii) Intangible assets which is purchased are initially measured at cost. Subsequently, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses, if any
- iii) An item of Intangible asset is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

	<p>iv) Amortisation Finite-life intangible assets are amortised on a straight-line basis over the period of their expected useful lives. Estimated useful life of computer software is estimated for 3 years</p> <p>c) Investment Property Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. Depreciation on investment property is provided on a pro rata basis on straight line method over the estimated useful lives. Useful life of assets, as assessed by the Management, corresponds to those prescribed by Schedule II</p> <p>d) Goodwill No self-generated goodwill is recognized. Goodwill arises during the course of acquisition of an entity in terms of accounting treatment provided in IND AS-103 dealing with 'Business Combination'. Goodwill represents the excess of consideration money over the fair value of net assets of the entity under acquisition. Such goodwill is construed to have indefinite life and as such is not subject to annual amortization but annual test of impairment under IND AS - 36. Any shortfall in consideration money vis-à-vis fair value of net assets on account of bargain purchase is recognized in OCI at acquisition point and subsequently transferred to capital reserve</p> <p>e) Impairment of non-financial assets At the end of each reporting period, the Company determines whether there is any indication that its assets (property, plant and equipment, intangible assets carried at cost) have suffered an impairment loss with reference to their carrying amounts. If any indication of impairment exists, the recoverable amount (i.e. higher of the fair value less costs of disposal and value in use) of such assets is estimated and impairment is recognised, if the carrying amount exceeds the recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money</p> <p>f) Financial Assets</p> <p>i) Initial Recognition and Measurement All financial assets are recognized initially at fair value plus, in the case of financial assets not recorded at fair value through profit or loss, transaction costs that are attributable to the acquisition of the financial asset. Financial assets are classified, at initial recognition, as financial assets measured at fair value or as financial assets measured at amortized cost.</p> <p>i) Subsequent Measurement For purpose of subsequent measurement financial assets are classified in two broad categories:-</p> <ol style="list-style-type: none"> i. Financial assets at amortized cost ii. Financial Assets at fair value through profit or loss iii. Financial Assets at fair value through other comprehensive income (OCI) <p>A financial asset that meets the following two conditions is measured at amortized cost: Business Model Test: The objective of the company's business model is to hold the financial asset to collect the contractual cash flows Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.</p> <p>A financial asset that meets the following two conditions is measured at fair value through OCI:-</p>
--	--

- Business Model Test: The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets.
- Cash flow characteristics test: The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payment of principal and interest on the principal amount outstanding.

All equity investments are measured at fair value in the balance sheet, with value changes recognized in the statement of profit and loss, except for those equity investments for which the entity has elected irrevocable option to present value changes in OCI

All other financial assets are measured at fair value through profit and loss

Where assets are measured at fair value through profit of loss, gains and losses are recognized in the statement of profit and loss , or recognized in other comprehensive income

Where assets are measured at fair value through through other comprehensive income, gains and losses are recognized in other comprehensive income

(iii) Impairment of financial assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk and if so, assess the need to provide for the same in the Statement of Profit and Loss.

(iv) Derecognition of financial assets

A financial asset is derecognised only when Company has transferred the rights to receive cash flows from the financial asset. Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognized

g) Financial Liabilities

(i) **Initial recognition and measurement**

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest method.

(ii) **Subsequent measurement**

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

h) Leases

Finance leases, which effectively transfer to the Company substantially all the risks and benefits incidental to ownership of the leased asset, are capitalized at the lower of the fair value and present value of the minimum lease payments at the inception of the lease term and disclosed as leased assets. Lease payments are apportioned between the finance charges and reduction of the lease liability based on the implicit rate of return. Finance charges are recognized as finance costs in the statement of profit and loss.

A leased asset is depreciated on a straightline basis over the lower of the lease term or the estimated useful life of the asset unless there is reasonable certainty that the Company will obtain ownership, wherein such assets are depreciated over the estimated useful life of the asset.

Leases where the lessor effectively retains substantially all the risks and benefits of ownership of the leased term, are classified as operating leases. Operating lease payments are recognized as an expense in the statement

of profit and loss on a straight-line basis over the lease term.

- i) Inventory**
Inventories are valued at the lower of cost or net realisable value
Inventories are valued at the lower of cost and net realisable value. Inventories of Foods, Beverages, Crockery & Cutlery, and Engineering & Maintenance, House-keeping and Stationary items are valued at cost whereas Crockery & Cutlery, House Keeping items in circulation are valued at net estimated value. Residuals (wastage) are valued at net realizable value
- j) Income Tax**
Provision for tax is made for the current accounting period (reporting period) on the basis of the taxable profits computed in accordance with the Income-tax Act, 1961 and the Income Computation and Disclosure Standards prescribed therein
Deferred tax is recognised in respect of temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the corresponding amounts used for taxation purposes A deferred tax liability is recognised based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted, or substantively enacted, by the end of the reporting period. Deferred tax assets are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reviewed at each reporting date and reduced to the extent that it is no longer probable that the related tax benefit will be realized Current tax assets and current tax liabilities are offset when there is a legally enforceable right to set off the recognised amounts. Deferred tax assets and deferred tax liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities; and the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same taxation authority
- Provisions and contingent liabilities**
k) The Company creates a provision when there is present obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.
Disputed liabilities and claims against the company including claims raised by fiscal authorities (e.g. Sales Tax, Income Tax, Excise etc.) pending in appeal / court for which no reliable estimate can be made and or involves uncertainty of the outcome of the amount of the obligation or which are remotely poised for crystallization are not provided for in accounts but disclosed in notes to accounts
- Foreign Currency Translation**
l) i) The financial statements are presented in Indian rupee (INR), which is Company's functional and presentation currency.
ii) On initial recognition, all foreign currency transactions are recorded at foreign exchange rate on the date of transaction. Gain / Loss arising on account of rise or fall in foreign currencies vis-à-vis functional currency between the date of transaction and that of payment is charged to Statement of Profit & Loss.
iii) Monetary Assets in foreign currencies are translated into functional currency at the exchange rate ruling at the Reporting Date and the resultant gain or loss, is accounted for in the Statement of Profit & Loss
- Dividend to equity holders of the Company**
m) The Company recognises a liability to make cash distributions to equity holders of the Company when the distribution is authorised and the distribution is no longer at the discretion of the Company. Final dividends on shares are recorded as a liability on the date of approval by the shareholders and interim dividends are recorded as a liability on the date of declaration by the Company's Board of Directors.
- Revenue Recognition**

<p>n)</p> <p>o)</p> <p>p)</p> <p>q)</p>	<p>i) Revenue from Services Revenue is measured at the fair value of the consideration received or receivable. Amounts disclosed as revenue are net of GST, value added taxes, service tax, discounts, rebates and incentives. The Company recognizes revenue when the amount of revenue can be reliably measured and it is probable that future economic benefits will flow to the Company</p> <p>ii) All other income including interest income are recognised on accrual basis.</p> <p>Employee benefits</p> <p>i) Short-term employee benefits All employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits. Short term employee benefits such as salaries, allowances, performance incentives, etc., are recognized as an expense at the undiscounted amount in the Statement of Profit and Loss of the year in which the employee renders the related service</p> <p>ii) Post Employment Benefits Defined contribution plans Payments made to a defined contribution plan such as Company's contribution to provident fund, employee state insurance and other funds are determined under the statute and charged to the Statement of Profit and Loss in the period of incurrence when the services are rendered by the employees.</p> <p>iii) Defined Benefits Plans The Company makes annual contributions to gratuity funds administered by the L.I.C. The Gratuity plan provides for lump sum payment to vested employees on retirement, death or termination of employment of an amount based on the respective employee's last drawn salary and tenure of employment. The Company accounts for the net present value of its obligations for gratuity benefits, based on an independent actuarial valuation, determined on the basis of the projected unit credit method, carried out as at the Balance Sheet date. The obligation determined as aforesaid less the fair value of the plan assets is reported as a liability or assets as of the reporting date. Actuarial gains and losses are recognised immediately in the Other Comprehensive Income and reflected in retained earnings and will not be reclassified to the Statement of Profit and Loss.</p> <p>Borrowing Cost Borrowing cost that are directly attributable to the acquisition, construction, or production of a qualifying asset are capitalized as a part of the cost of such asset till such time the asset is ready for its intended use or sale Borrowing cost consist of interest and other costs that an entity incurs in connection with the borrowing of funds. A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale. All other borrowing cost are recognized as expense in the period in which they are incurred</p> <p>Earning Per Share Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period. The weighted average number of equity shares outstanding during the period and all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources. For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable</p>

iii) Fair Value hierarchy

The fair value of financial instruments have been classified into three categories depending on the inputs used in the valuation technique. The hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and lowest priority to unobservable inputs (Level 3 measurements).

The categories used are as follows:

Level 1: Quoted prices for identical instruments in an active market;

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and Level 3:

Inputs which are not based on observable market data.

As on March 31, 2021

Particulars	Level 1	Level 2	Level 3	Total
Financial Assets (Measured at fare value)				
Investment in Mutual Fund	7,83,24,678	-	-	7,83,24,678

As on March 31, 2020				
Particulars	Level 1	Level 2	Level 3	Total
Financial Assets (Measured at fare value)				
Investment in Mutual Fund	7,46,25,038	-	-	7,46,25,038

Note 1: The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors.

Note: 2 Other financial assets and liabilities - Cash and cash equivalents (except for investments in mutual funds), trade receivables, investments in term deposits, other financial assets, trade payables, and other financial liabilities have fair values that approximate to their carrying amounts due to their short-term nature.

Note: 3 Loans have fair values that approximate to their carrying amounts as it is based on the net present value of the anticipated future cash flows using rates currently available for debt on similar terms, credit risk and remaining maturities.

30 Financial risk management objectives and policies

The risk management policies of the Company are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Management has overall responsibility for the establishment and oversight of the Company's risk management framework. In performing its operating, investing and financing activities, the Company is exposed to the Credit risk, Liquidity risk and Market risk.

a) Credit risk

Credit risk is the risk of financial loss to the company if a customer or counter-party fails to meet its contractual obligations.

Trade Payables

Concentration of credit risk with respect to trade receivables are limited, due to the Company's customer base being large and diverse. All trade receivables are reviewed and assessed for default on a quarterly basis. Our historical experience of collecting receivables is that credit risk is low. Hence, trade receivables are considered to be a single class of financial assets

Other financial assets

The company maintains exposure to cash equivalents. The company has set counter-parties limits based on multiple factors including financial positions, credit ratings, etc.

42 All raw materials, provisions & beverages consumed are indigenous.

43 As the turnover of the company includes sale of Rooms, Foods & Beverages etc., it is not possible to give quantity wise details of the turnover and of Food & Beverages consumed.

44 With the applicability of Ind AS 109, the recognition and measurement of impairment of financial assets is based on credit loss assessment by expected credit loss (ECL) model. The ECL assessment involve significant management judgment. The Company's impairment allowance is derived from estimates including the historical default and loss ratios. Management exercises judgment in determining the quantum of loss based on a range of factors. The most significant areas are loan staging criteria, calculation of probability of default / loss and consideration of probability weighted scenarios and forward looking macroeconomic factors. The board acknowledges and understands that these factors, since there is a large increase in the data inputs required by the ECL model, which increases the risk of completeness and accuracy of the data that has been used to create assumptions in the model. Based on the internal management analysis, as per Board Opinion, there is no requirement of provision for expected credit loss in several financial assets including the loans and advances, Trade and other receivables of the Company and all are on fair value, based on the assessment and judgment made by the board of the company.

45 Covid-19 outbreak was declared as a global pandemic by World Health Organisation. As per the current reports the Second wave of COVID-19 pandemic has peaked in most states in India, but different variants of virus are still prevalent. The operations of the company, being engaged in the hotel operation, are severally affected due to continuance of the lockdowns and restrictions in the business operations, in the area where the operating assets and offices of the company are located. Accordingly, the Company has been in operation consistently with minimal permitted staff in order to finalise the books of accounts of the company and Statutory Auditor were also unable to perform the required audit procedures in usual manner, including but not limited to restrictive verification of entire sets of books of accounts, underlying statements, physical verification of supporting, vouchers, statements, communications and assets etc. Hence the audit was carried out on restrictive basis, based on the limited available documents, management discussions, representations and digital verification of the documents, wherever possible.

The Company faced some business interruption on account of the lockdown. The Company is closely monitoring the impact due to COVID-19 on various aspects of its business including its customers/ vendors/ employees and other business partners. Given the dynamic nature of the pandemic situation, the carrying valuation of the Company's financial assets as at March 31, 2021, may be affected by the severity and duration of the outbreak, however, the Company will continue to monitor for any material changes to future economic conditions and as of March 31, 2021 based on the facts and circumstances existing as of that date, the Company does not anticipate any material uncertainties which affects its liquidity position and also ability to continue as a going concern. In management view, the Company's capital and liquidity position stands strong as on reporting date. However, the impact assessment of Covid-19 is a continuing process given the uncertainties associated with its nature and duration.
